Santa Clara County AGE FRIENDLY SILICON VALLEY

In 2018, Santa Clara County became the first county in the country with all cities designated as Age-friendly

TO ALL SANTA CLARA COUNTY RESIDENTS:

In case you missed it, we're all GETTING OLDER!

CONSIDER...

By 2030, one in four Santa Clara County residents will be over the age of 60.

Every 15 seconds an older adult is treated in an ER for a fall.

Every 29 minutes, an older adult dies because of a fall.

We can't stop aging, but we can have a better quality of life as we age. That's why it's important to know what **YOU** think the most important issues are for seniors as well as how the County can be more helpful to seniors.

The aging issue is a global phenomenon, and the World Health Organization is addressing this trend through a new program known as Age Friendly. Santa Clara County is working hard to be designated the first Age Friendly county in the nation by 2017.

We need your help.

Whether you're young, senior, or somewhere in between, please visit **AgeFriendlySiliconValley.org** for the countywide survey to inform each of our cities of your ideas on the needs and challenges of older citizens. You can take the survey in English, Spanish, Chinese or Vietnamese.
