### What is the Master Plan for Aging?

In June 2019, Governor Gavin Newsom issued an executive order calling for the creation of a statewide Master Plan for Aging. In January 2021, the final plan was released and will serve as a 10-year blueprint to create an age-friendly California where older adults can thrive.

### What can I expect if I attend?

"Mobilizing Your County and Community" is a virtual event to bring the Master Plan for Aging to the North Bay!

You will hear from local leaders about initiatives addressing aging and disability challenges, participate in breakout sessions on housing, health, caregiving and economic security, and find out how to leverage this statewide initiative to achieve change in your community. *Closed Captioning will be provided.*

### How can I contribute to the conversation?

During the event, attendees will be asked to submit questions through the Zoom Chat. You may also email your questions in advance to: [GCAEvents@onlok.org](mailto:GCAEvents@onlok.org).
